AK MANUFACTURING, INC
608 Oliver Rd, Montgomery AL, 36117

Sales@AKmfgInc.com
CAGE CODE: 8DM10

Company Overview

Located in Montgomery, Alabama, **AK Manufacturing, Inc.** is a minority and veteran-owned small business specializing in high-quality aircraft maintenance tools and support equipment for government entities, primarily the U.S. Air Force. Our extensive product range includes aircraft jacks, fuel carts, test stands, towing equipment, and a variety of stands and expeditionary gear. We meticulously handcraft each item, adhering to strict specifications.

Our comprehensive in-house process covers material ordering, cutting, drilling, machining, welding, and final assembly, ensuring top-tier quality. Customer satisfaction is our priority; if we can't produce it in-house, we find the best solution to deliver promptly.

Core Competencies

- » **Aircraft maintenance tools:** Precision tools for efficient aircraft maintenance.
- » **Aircraft stands:** Durable stands for secure aircraft positioning.
- » **Expeditionary equipment:** Reliable gear for deployment and field operations.
- » **Aircraft support equipment:** Comprehensive support solutions for aircraft operations.
- » **Aircraft jacks:** High-quality jacks for safe aircraft lifting.
- » **Fuel carts:** Efficient fuel transport and dispensing systems.
- » **Test stands:** Robust stands for thorough equipment testing.
- » **Aircraft towing equipment:** Reliable equipment for safe aircraft towing.

Mission & Vision Statement

Mission: To deliver high-quality, meticulously crafted aircraft maintenance and support equipment, ensuring customer satisfaction and adhering to the highest standards of excellence.

Vision: To be the leading provider of aircraft support solutions and ground support equipment, recognized for our dedication to quality, innovation, and customer-focused service in the aviation industry.

Differentiators

- » Minority and veteran-owned business
- » Extensive in-house production capabilities
